

## Basic instructions for using Yobit exchange:

The screenshot shows the Yobit.net website interface. At the top, there is a navigation bar with various tabs: Trade, Market, InvestBox, Dice, FreeCoins, Wallets, ICO, CoinsInfo, AddCoin, Support, and PM. On the right side of the navigation bar, there are links for Registration and Login, and language options (EN, RU, CN). A red arrow points to the 'Registration' link. Below the navigation bar, the main content area is divided into several sections. On the left, there is a 'BALANCES' section showing currency amounts for BTC, LTC, DASH, DOGE, YOVI, ETH, and LSK. In the center, there is a 'NYC / BTC' market section with a 24-hour price chart and a 'BUY' order form. On the right, there is a 'TRADE HISTORY' section showing a list of trades with columns for Time, Price, and NYC. At the bottom right, there is a 'DICE GAME' section with a 'Send' button. The URL at the bottom of the page is https://yobit.net/en/trade/NYC/BTC#.

Click **Registration** and follow instructions.

Once you have registered and logged into your account, click on the **Wallets** tab at top of page.

Find coin you want to deposit at Yobit and click “+” Deposit icon.

Your deposit address will now be displayed. Send coins to this Yobit deposit address.

Once your coin has been received by Yobit, you can start buying NYC!

The screenshot shows the Yobit trading interface. On the left, the 'MARKET' section lists various coins, with 'NYC' highlighted. A red arrow points to 'NYC' in the list. In the center, there are 'BUY' and 'SELL' order forms. The 'BUY' form is active, showing a balance of 0.00000004 BTC and a price of 0.04869999 BTC. A red arrow points to the 'Buy' button. On the right, there is a 'TRADE HISTORY' section showing recent transactions. At the bottom right, there is a 'DICE GAME' section and a chat window.

On left side of page find **MARKET** and type NYC. Then click on **NYC** market pair to trade.

**NOTE:** Some sub-satoshi coins may be available to purchase on sub-markets (not NYC/BTC). Check NYC/ETH, NYC/USD and NYC/DOGE to find the lowest price to buy NYC.

The screenshot displays the Yobit trading interface for the NYC market. On the left, a list of coins is shown with their prices and estimated BTC values. The main area features a price chart and two trade execution panels: 'BUY' and 'SELL'. The 'BUY' panel shows a balance of 0.00000004 BTC and a 'Buy' button. A red arrow points to this button. Below the 'BUY' panel, a 'Full Order' button is also highlighted with a red arrow. The 'SELL' panel shows a balance of 6.99999999 NYC and a 'Sell' button.

Your available **balance** for buying will be displayed under market price.

Click this amount to use full available balance to buy max NYC at market price.

Click **Buy** button to complete your purchase of NYC.

**IT IS HIGHLY RECOMMENDED TO MOVE ALL NYC TO YOUR WINDOWS WALLET AFTER PURCHASED AT YOBIT.**
